

This masterclass describes health and medical information that is entirely based on the training, research, clinical, and personal experience of the presenter. This information is not intended to be used to treat or diagnose any particular disease or a particular patient. There is no explicit or implicit attempt by the presenter to render professional advice or services to the viewer. This information is not presented here to take the place of advice you would receive from your physician or health care provider, or to advocate for any particular treatment.

The viewer accepts complete responsibility for any adverse effects or consequences arising from following any suggestions, treatments, procedures, preparations, or supplements described in this webinar recording. Please consider that any structure/function statements made for any product cited within this webinar have not been evaluated by the FDA. These products are not intended to diagnose, treat, cure, or prevent any disease.
